WORK EXPERIENCE

IT Support & Web Developer Intern

January 2026 – Present

Chiang Rai Christian International School

- Providing technical IT support to staff and students across the school
- Developing and maintaining a Raspberry Pi-powered school bell web application (Python, JavaScript)
- Designed and built the web interface for remote bell schedule management
- Troubleshooting hardware and software issues to ensure smooth daily operations

UI/UX Designer — Independent Contract

February 2026 – March 2026

Vetraeus

- Delivered UI/UX design assets as part of a short-term project-based contract
- Produced wireframes, mockups, and interactive prototypes in Figma aligned with product goals
- Collaborated remotely to meet deadlines in a fast-paced environment

Customer Service

April 2023 – July 2023

Teacher Su International School

- Managed incoming calls, emails, and inquiries promptly and professionally
- Assisted prospective students and parents through the full enrollment process
- Coordinated placement tests and assessments for new students

Assistant Teacher

December 2020 – March 2023

Teacher Su International School

- Supported classroom instruction and graded homework, tests, and student assessments
- Maintained student attendance and progress records to track individual mastery

- Organized group activities to encourage collaboration and teamwork

VOLUNTEER EXPERIENCE

Social Media Manager

September 2025 – Present

MFU Myanmar Christian Community (MFU MCC)

- Manage and create content for the official Facebook page of a student-led Christian community at Mae Fah Luang University
- Plan and publish posts covering faith, fellowship, events, and community updates
- Grew online presence and engagement among Myanmar students and the wider university community

Production Team Member

August 2024 – Present

Newlife Church Chiang Rai

- Operate professional cameras and manage live streaming during weekly services
- Set up and maintain audio-visual equipment for events and broadcasts

English Club Moderator

June 2020 – December 2021

ELP Saturday Conversation Club

- Facilitated English conversation sessions and guided structured discussions and debates
- Developed curriculum and created a welcoming environment for language practice

SELECTED PROJECTS

Culture PWA & Dashboard — Figma · UI/UX Design

Designed a full Progressive Web App and admin dashboard for the Culture platform — mobile-first UI, data visualizations, and analytics panels.

School Bell System — Python · JavaScript · Raspberry Pi

IoT-powered smart school bell web app integrated with Raspberry Pi for programmable, remote bell schedule management. (Work in Progress)

<https://github.com/nooele2/bell-webapp>

NexStay Hotel Booking — Figma · UI/UX Design

Mobile hotel booking app UI with seamless reservation flow, property browsing, and booking management.

Athena Code Documentation — Angular · Python · Svelte · VS Code API

Web app and VS Code extension for automated code documentation generation, published on the VS Code Marketplace.

<https://athena-web-delta.vercel.app>

BudgetBear & Matcha Notes — Flutter · Dart · Firebase

Two Flutter mobile applications — a personal finance tracker and an intuitive note-taking app with Firebase real-time sync.
